Answer (1 of 1): Go to best buy and get a wiring harness for that car (\$20). It'll plug into the factory harness of the car and each wire is listed for what it goes to. Your new radio will have a diagram in the booklet or on the radio itself. Match the wires to the new harness. Piece of cake. Don't forget! If when taking off the panels to access the radio, if it doesn't come off easy, don't ...

### Antenna & Radio for 2000 Hyundai Elantra | Parts Hyundai

For stock head units, wiring the remote turn on wire isn't quite as simple, but is still easily done if you follow the proper steps. Since a stock/factory radio doesn't have a remote turn on output like an aftermarket head unit, the voltage turn on signal has to come from the factory electrical system.
