The What's Happening to My Body book contained "more anatomically correct drawings." It also has a section about being uncircumcized and how to take care of your foreskin. The Boy's Body Book is "fine," but "it doesn't really talk about sex and genital changes." It doesn't go into as much detail as the other two books.

We all know the unemployment rate is very high. Overall nearly 40 million Americans have filed for unemployment this year (roughly 1/4 of the workforce), and while some have gone back to work, most stores and offices are still not fully open. But it's important to know the "rate," because policymakers and business leaders use the data as a signal: is the economy getting better or
