D Series (1937-1939) The D Series was a range of light, medium, and heavy-duty trucks introduced in 1937. They had rounded styling and a new cab with a two-piece V-shaped windshield. Cab-over-engine models were also available. All types of bodies including semi-tractors were available. The D Series was replaced by the K Series in 1940.

The International Light Line pickups (also called the International D-Series (1000-1500)) replaced the C-Series as International's Light Line range of pickup trucks in early 1969, for a shortened model year. The name started out as a simple continuation of the previous A-, B-, and C-series trucks. It was largely a rebodied version of its predecessors, with a square-rigged look very similar ...
